After due and proper notice, the Commission held a public hearing in its offices in Columbia, South Carolina, on February 1, 1972, at which time testimony was taken and all appearances noted. There were no appearances in opposition to the petition.

Witnesses for the petitioner testified as to the need for the type service being petitioned for and submitted testimony and evidence in support of the petition.

IT IS THEREFORE ORDERED: That the rights granted herein and any tariffs accepted for filing are in no way to be taken as restricting or limiting the existing rights of any telephone or telegraph company presently licensed by this Commission to do business in this area, or any other licensed operator of similar rights.

IT IS FURTHER ORDERED: That this Order shall remain in full force and effect until further Orders of the Commission.
